

EVAPORATIVE AIR COOLING

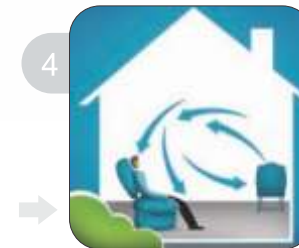

Like a Sea Breeze on a hot day

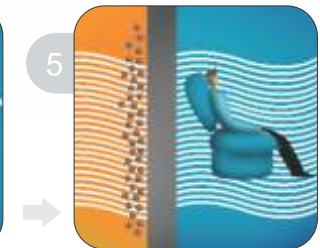

A complete Natural process

100% fresh outside air is cooled & washed through filter pads

Oxygen Rich Fresh Air delivered to you

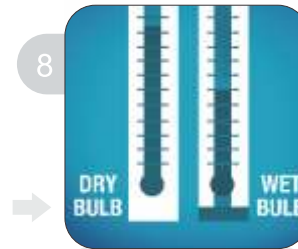

Dust and Pollen filtered out. Fresh clean cool air

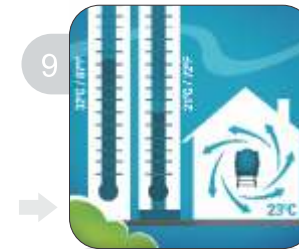

No Recirculated air

All 100% fresh outside air

Symphony cools to nature's limits

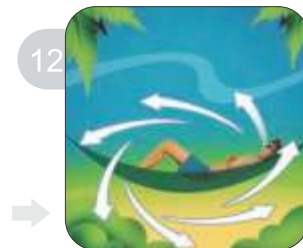

On warm day cooling may be 9C° / 48°F

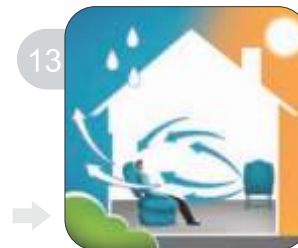

Hotter the day better it works- 16C° / 62°F

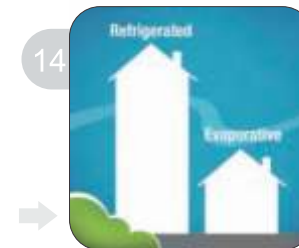

Comfort is improved with air movement-not stuffy & stale

Creates the right humidity for human comfort

Adjustable air quantities to suit all weather conditions

Less than 1/2 the cost of refrigerated air conditioning

Less than 1/3 the cost of refrigerated air conditioning to run
